**Bob & Mona Davies**  
(951) 698-7650

*Celebrating 12 years of meeting needs and saving lives in Southwest, CA.*

## Outreach: "Restoration"

*Stop the bleeding and meeting felt needs.*

Breaking the cycle of crime and incarceration off Angel Tree children of prisoners, at-risk and needy kids.  
 Imparting purpose and vision for a prosperous future and destiny.

**Community Outreach Ministry recognized in special ceremony:**  
 Bob and Mona Davies, of Murrieta are co-founders of Community Outreach Ministry (COM) a 501 C 3 non-profit serving Southwest, CA. The Davies' were recognized in a special ceremony on April 2, 2012, by California State Senator Joel Anderson and the Senator's District Director Tom Rogers. COM is rescuing risky children of inmates and troubled teens by breaking the cycle of crime and incarceration preventing youth violence, school dropout and diverting youth from self-destruction. This is being accomplished by creating positive opportunities through the ministry's year round outreach, camping, mentoring and Christmas programs. COM is giving at-risk kids a second chance to be winners and champions in education, technology, and an entrepreneur spirit. For details, call 951.698.7650, e-mail info@communityoutreachministry.org. We welcome you to visit us at communityoutreachministry.org

## Camping: "Intervention"

*Teaching kids right from wrong to be future champions!*

### **Kids Shine at Camp Sa-Ha-Le in Beautiful Big Bear Lake**

*Camp Sa-Ha-Le is where kids learn to cast their cares unto God and have fun*

Campers receive positive reinforcement, recognition and have challenging opportunities to grow, improve social skills, make new friends, build their self-confidence, and connect with faith to see that they are gifted. They are stimulated to read, memorize Scripture, sing, act, dance, play sports and earn points for their dorm team. Camping is where they get vision from God for the future and the formula for success.

Devin, Zion, and James went to Winter Camp Retreat in January 2012, where they had an awesome time with friends in Big Bear Lake!

**March 10, 2012:** COM participated in Family Safety & Health Fair providing safety tips in free coloring books, Protect personal child identification kits, and Parent/Child Theft and Burglary prevention checklist for homes provided by local government. This event was held at the Hemet Valley Mall with 20 organizations manning booths.

**May 5, 2012:** COM youth will be visiting Dudette Ranch Open Barn in Winchester, CA., a local vacation destination. This is a working ranch on 7 ½ acres where the youngster's and families will have hands on experience feeding the horses carrots, brushing the animals, recapturing their youth and enjoying the benefits of life on the ranch.

**May 19, 2012:** Youngsters are earning their way to camp by washing cars on Saturday, May 19, 2012, at Grease Monkey on Clinton Keith @ 15 Freeway and selling Carl's Jr. Coupon Books.

**June 18-22, 2012: Kids Camp:** Monday-Friday, grades 2nd-6th.

**July 8-13, 2012: Sr. High Camp:** Sunday-Friday, grades 6th-8th, & 9th-12th.  
*Scholarships are \$250.00, donations welcome.*

## Mentoring: "Direction"

*Giving kids purpose, destiny, prosperity and a winning spirit!*

Mentors are role models, coaches, cheer leaders and good listeners who help improve a child's quality of life through fun, acceptance, consistency and raising their expectations for a prosperous future.

Mentoring gives mentees tools they need to succeed and improve outcomes for young people in the areas of academic achievement, behavior, and social and emotional health. Mentoring is strategic intervention that gives communities a way to multiply their support for young people. COM uses evidence based practices in screening and training mentors to contribute to a strong and positive investment in the future of children living in Southwest, CA.

COM visited the EVMWD Splash into Spring on Saturday, March 1, 2012, where the youth participated in an educational tour of the water treatment plant and observed demonstrations by technicians how to detect the sounds in pipes, how the underwater robotic cameras work that inspect our local water tanks, and to see if he can fix the leak?
